1. Introduction

This is a HD to Video with HD bypass scan converter box. It is designed to convert a variety of HD images, from 480p up to 1080p and converts them to NTSC or PAL standards video and HD images bypass. Simply use switch to select NTSC/PAL output format, the user also can adjust the overscan/underscan from the front panel. It is ideal for using in applications like video conference, home theater, business presentation, lecturing room or viewing HD image on TV.

2. Main Features

- Supports high resolution HD input up to 1080p.
- Supports component (YPbPr) input and scale down to Composite video/S-video output or HD bypass. Suggest the component input can lower the resolution as possible because the scales down from the high resolution to Composite video/S-video output the resolution will distortion during the video processing.
- Switch between NTSC/PAL
- Image Overscan/Underscan selection.
- Easy to install and simple to operate.

3. Hardware Description

The following sections describe the hardware components of the unit.

3.1 Front Panel

- ①. HD input: Connect the YPbPr input connector to the source, such as DVD player.

Note: When input source end is not displaying full screen (i.e. letter box/pillbox image) then the output display end may come out with wrong size or position images. Hence, input source must set on full screen first before powering on the converter.

- ②. Power indicator: The power LED will illuminate in Green color when power is on. When LED illuminate in Red color the system is in standby mode.
- ③. Power: Plug the 5V DC power supply into the unit and connect the adaptor to AC wall outlet.

3.2 Rear Panel

- ①. Underscan/Overscan: Switch the switcher to select underscan/overscan the pictures.
- ②. PAL/NTSC: Switch the switcher to select PAL/NTSC output.
- ③. Composite video output: Connect to video output display.
- ④. S-Video output: Connect to S-Video output display.
- ⑤. HD Bypass: The YPbPr output connector will bypass HD signal as follow input HD signal.

4. Connection and Installation

5. Specifications

| | |
|-----------------------|---|
| Input ports | 1 x Component (Y/Pb/Pr) |
| Output ports | 1 x Component bypass (Y/Pb/Pr), 1 x Composite, 1 x S-video |
| Switcher | 1 x Underscan/Overscan, 1 x PAL/NTSC |
| Power Supply | 5V/2A DC (US/EU standards, CE/FCC/UL certified) |
| Dimensions (mm) | 105(W) x 102(D) x 25(H) |
| Weight(g) | 230 |
| Chassis Material | Aluminum |
| Silk Skin Color | Silver |
| Operating Temperature | Operating from 0°C ~ 40°C |
